All: Besame, besame mucho  
Kiss me, my darling,  
I'm singing the gay-marriage blues  
All: Besame, besame mucho  
Shunned by Republicans,  
abandoned by Democrats, too

All: Besame, besame mucho  
Democracy falters,  
theocracy forges ahead  
All: Besame, besame mucho  
I'm tortured by wingnuts,  
who'll still hound me after I'm dead

All:  
We swing & sway,  
if we're bi, straight, or gay  
Learning to live and let live  
We know that we're li'ble,  
to be bashed by the bible  
Of bigots with no jo-oy to give

All: Besame, besame mucho  
Kiss me, my darling,  
they say that the world's at an end  
All: Besame, besame mucho  
Don't-save or-Rapture-me,  
just leave me here, with my friends.

All: Besame, besame mucho  
Lesbian princesses,  
& men who wear dresses, unite!  
All: Besame, besame mucho  
With nothing to lose,  
but our red ruby shoes, time to fight

Solo:  
We twirl and tango,  
we dance the fandango,  
Polymorphously strutting our stuff  
In fighting closed minds,  
it is probably time  
To strategically strip to the buff

All: Besame, besame mucho  
Born-again bullies,  
barrage me with how-de-dow-dow  
All: Besame, besame mucho  
If-your-youth, was misspent,  
if you're just a bit bent, kiss me now  
All: Besame, besame!

Bésame Mucho  
w & m: Consuelo Velazquez

Bésame, bésame mucho,  
Como si fuera esta noche la última vez.  
Besame, besame mucho,  
Que tengo miedo perderte,  
Perderte otra vez.

Quiero tenerte muy  
Cerca, mirarme en tus  
Ojos, verte junto a mí,  
Piensa que tal vez  
Mañana yo ya estaré  
Lejos, muy lejos de ti.

Bésame, bésame mucho,  
Como si fuera esta noche la última vez.  
Bésame mucho,  
Que tengo miedo perderte,  
Perderte después.

literal tr. by Valentín Anders:

Kiss me, Kiss me a lot,  
As if tonight was the last time.  
Kiss me, kiss me a lot,  
Because I fear to lose you,  
To lose you again.

I want to have you very close  
To see myself in your eyes,  
To see you next to me,  
Think that perhaps tomorrow  
I already will be far,  
very far from you.

Kiss me, Kiss me a lot,  
As if tonight was the last time.  
Kiss me, a lot,  
because I fear to lose you,  
To lose you later.
