

SONG: Can't Stand that Outsourcing

SOLO 1:

Some cat fat as fat can be.
Closing plants and factories.
They sent my job over seas.
No, can't stand that outsourcing.

SOLO 2:

Sink their claws in poor nations.
Environmental degradation.
Look out; it is exploitation.
No, can't stand that outsourcing.

What, pay a living wage?
They just don't intend to.
No, they hire cheap and under age.
Get out of line; break a few heads.

SOLO 3:

I call it daylight robbery.
Fat cats might learn humility.
In the penitentiary.
No, can't stand that outsourcing.

One thing that's not their bag.
That is paying taxes.
Sure, they rap themselves in the flag.
When ever they want, a bailout or two.

SOLO 4:

Workers here and over seas.
Maybe we can all agree.
Stand in solidarity.
No, can't stand that out sourcing.

ALL:

One thing that's not their bag.
That is paying taxes.
Sure, they rap themselves in the flag.
When ever they want, a bailout or two.

Workers here and over seas.
Maybe we can all agree.
Stand in solidarity.
No, can't stand that out sourcing. (x3)
