1.) Dangers of the right,
are always with us.
Dangers of the right,
they try to split us.
Dividing black and white,
so we can't win our fight.

The people on the right,
they aren't rich folks.
Someone stole their dream,
their life's a bad joke.
So they fill with spite,
and then they join the right.

Dangers of the right,
I've got to tell you of the
dangers of the right,
distracting people from the powers that rule their lives.
Power that conives,
manipulates the populace,
to throw the switch on all of us.

2.) In the name of god,
they're spreading hatred.
Don't you think it's odd,
they say it's fated.
Gay or Black or Jew,
they think their problem's you_.

And they're so full of fear,
of what's immoral,
like unmarried love,
and sex that's oral.
Parenthood that's planned,
they want to see it banned_.

Dangers of the right,
will no one realize the
dangers of the right.
Up to the moment when we've lost all our rights_.
Nowhere left to fight.
The last shreds of democracy
abolished by hypocrisy.

ENDING:
So, tell it like it is,
this is the issue.
Corporate control,
not fetal tissue.
That's how we can fight,
the dangers of the right.
